SCHOOL ETHOS

We are a small nurturing village school where the children are at the heart of everything we do. We embrace creativity and curiosity through teaching an inspiring, topic based curriculum. We believe that children learn best in a calm, friendly environment where respect, tolerance and consideration is expected. Through fostering a growth mindset our children become resilient and self-assured within a supportive and empowering environment. We have a positive approach to behaviour and expect high standards in all aspects of school life. All children and adults are challenged and supported to become well-rounded individuals. At Therfield First School everyone is valued and celebrated.
